- Reusable

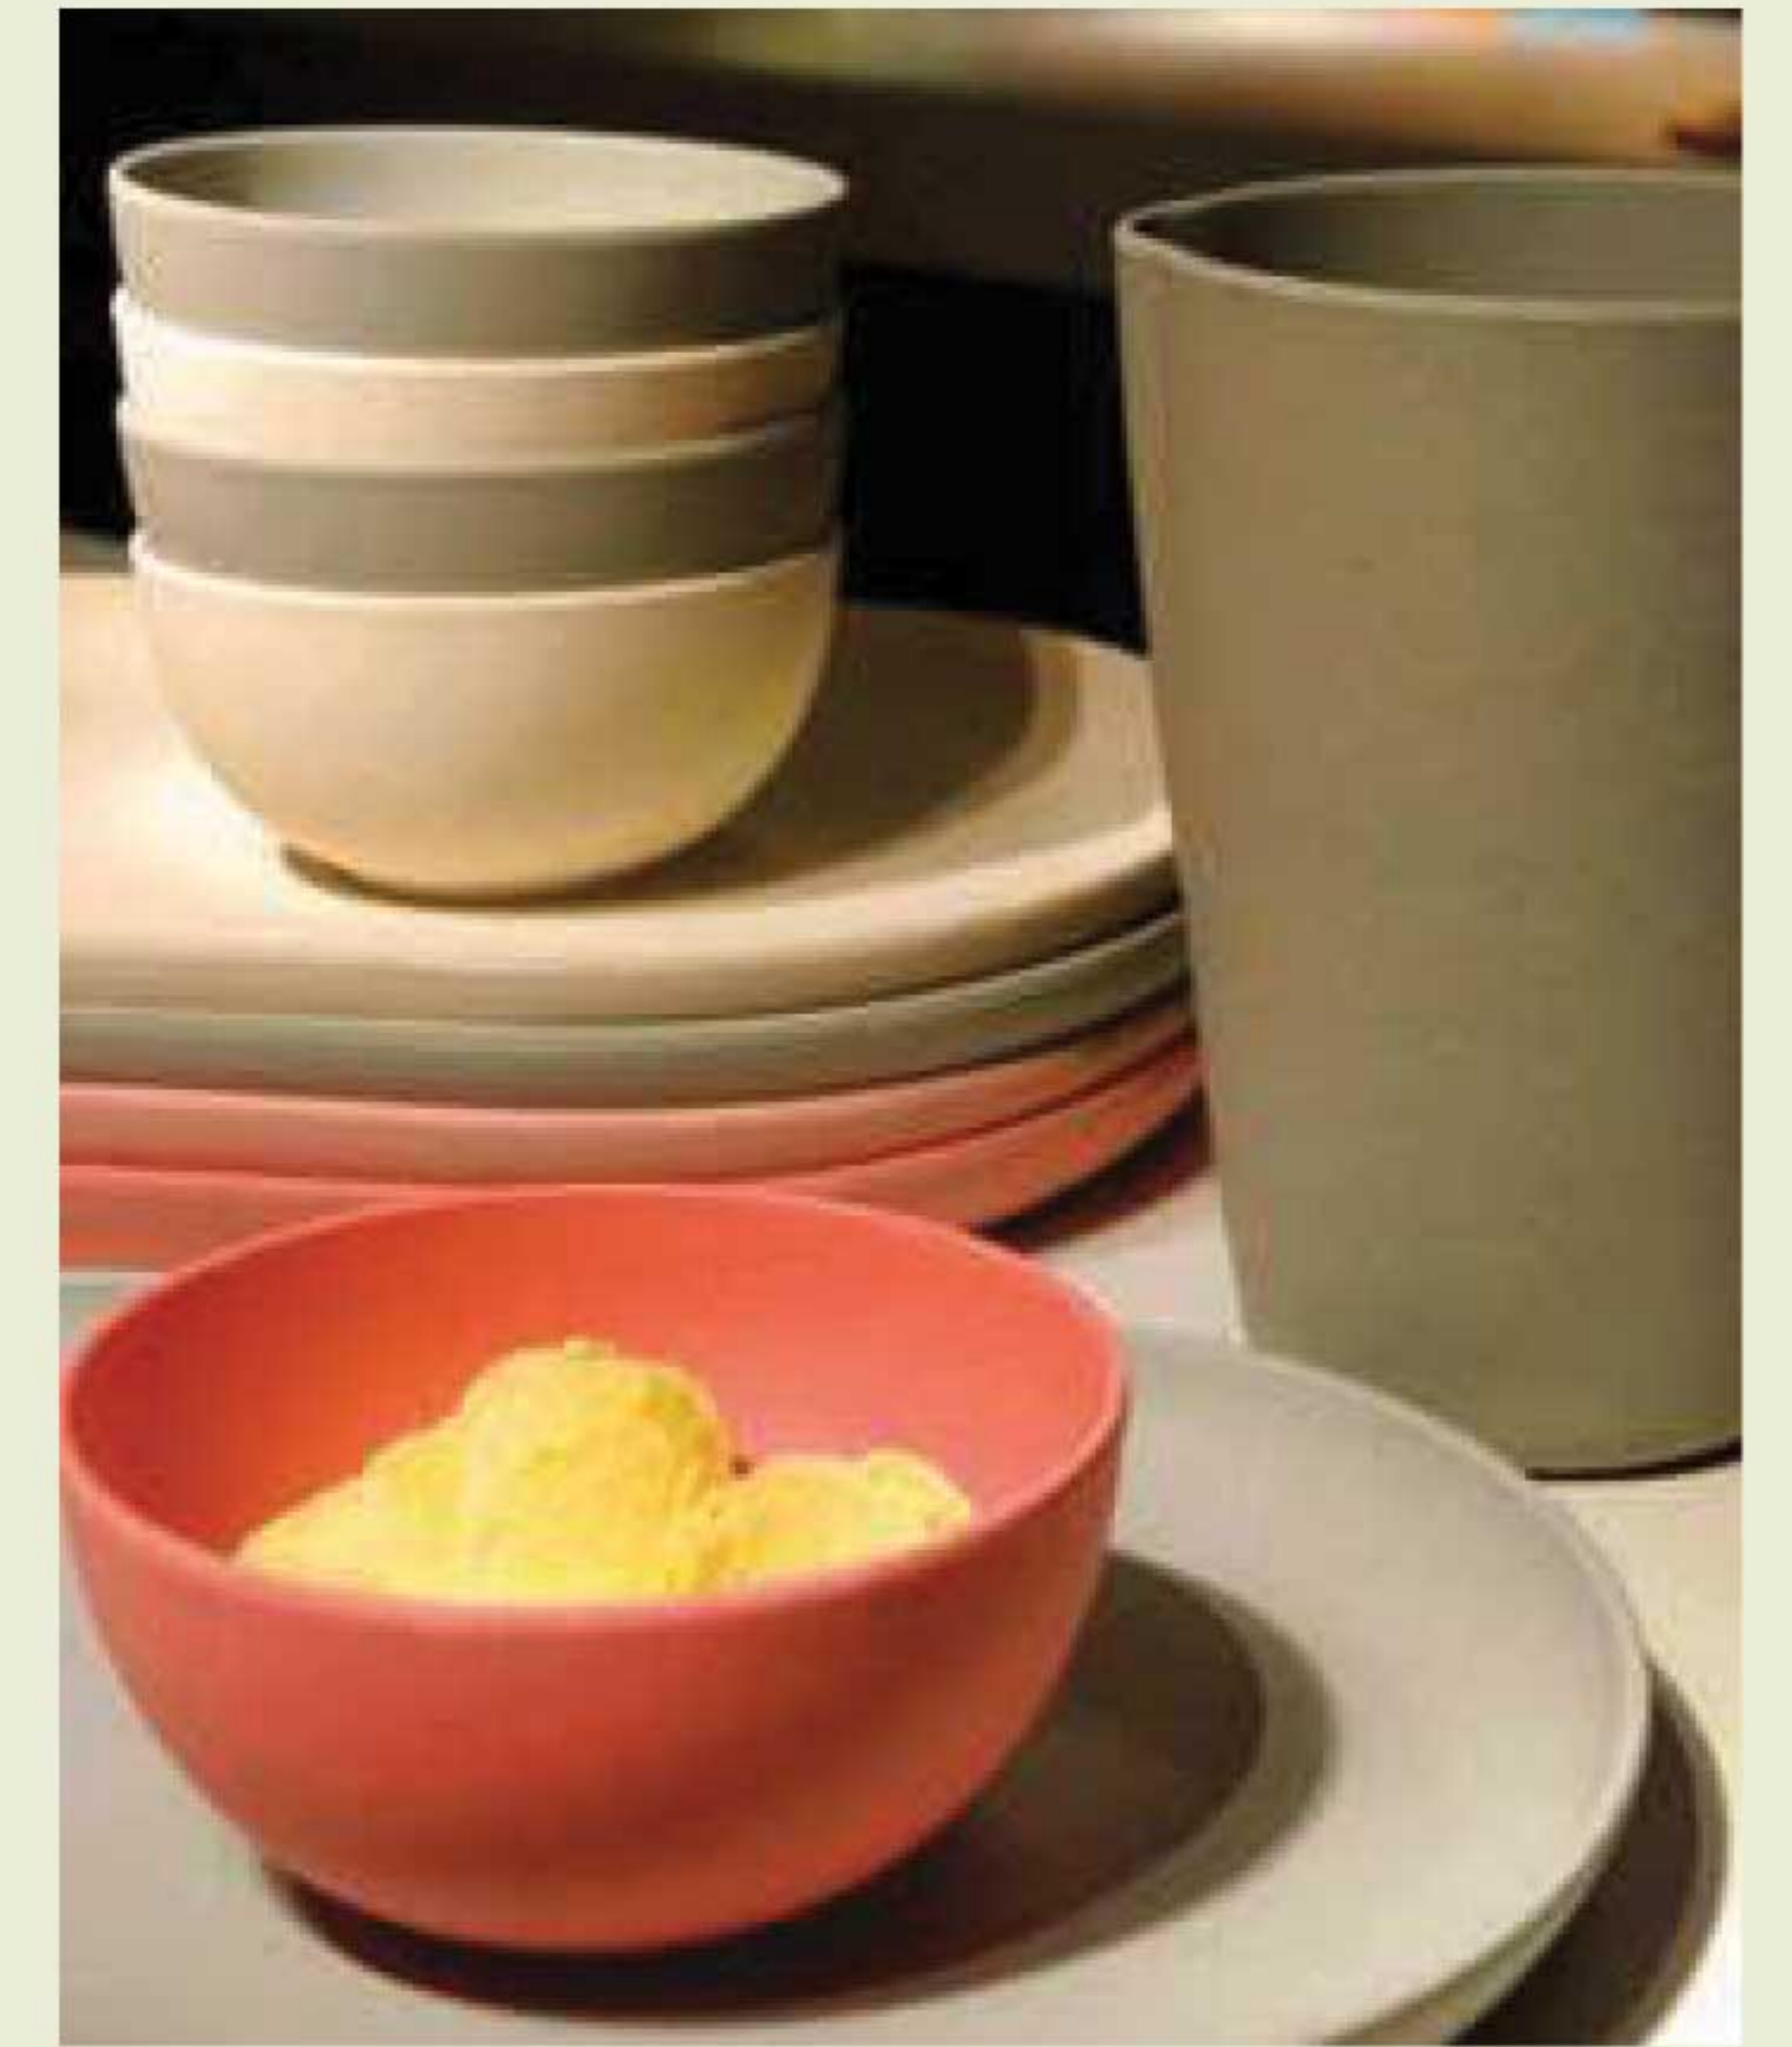

BambooWare, our original collection of reusable tableware, retains all the strength and beauty of bamboo, with the added benefits of durability and sustainability. Designed from the ground up to be as eco-friendly as possible, we begin by taking the fiber of bamboo plants five years or older and grinding it into a fine powder. Utilizing a proprietary process, the material is molded into sturdy, long-lasting items capable of withstanding even the toughest of industrial dishwashers. As you've come to expect from Bamboo Studio, all of our BambooWare bowls, plates, cups and utensils are completely biodegradable and all-natural.

### BAMBOO SHEATH IMPRINTING AND CUSTOMIZATION

Bamboo sheath is an all-natural product, so there will be minor variations in color and texture from piece to piece. We recommend the use of Laser Engraving shown in the examples below. Please note that Laser Engraving is a more time-consuming process and takes four to seven weeks from receipt of approved, print-ready artwork to in-hands delivery. If you need your order faster, we can also Pad Print items with food grade ink on in-stock bamboo within four weeks.

**Terms/Deposit:** Net 15, a 50% deposit is required on all imprinted orders.

**Production Time:** Laser Engraving: Four to seven weeks from receipt of approved, print-ready artwork to in-hands delivery. Pad Printing on in-stock bamboo: One to three weeks from receipt of approved, print-ready artwork to in-hands delivery.

**Minimum Order:** One case. Imprinted--see pricing sheet. FOB Arlington, TX 76011. Changes and cancellations are subject to all costs incurred.
